Why Become a Friend?

You know what it means to be a "friend." You give support, and encouragement, because you believe in someone or something.

That's exactly why you'll want to become a Friend of Flint Public Library! Friends make the Library better and stronger:

- through membership dollars, which fund important programs.
- through volunteering, which stretches resources and reaches more people.
- through advocacy, which gets the Library story out to the public.

If you are committed to the future of Flint, and believe the Library is important to that future, please become a Friend today!

How Does Your Membership Help?

Flint Public Library's mission is to be the "go-to" place for learning across the lifespan. Your gift supports the great services and programs you've always received from the Library. It also helps advance three important priorities for Flint in support of this mission:

- **Support family literacy.** Reading and writing are absolutely critical skills for children as well as adults. The Library is focused on programs to help increase literacy for all ages.
- **Inspire creativity through digital literacy.** People who can effectively use technology have access to an expanded world of creativity, learning and entrepreneurship. The Library provides cutting-edge technology and training to everyone.
- **Encourage interaction in a community space.** The Library seeks to be an inviting, energizing space that welcomes individuals and groups.

Your Gift Matters!

 Thank you for demonstrating your Friendship by becoming a member today.
